

MARCH

“A RELATIONSHIP WITH GOD”

After astronaut Guy Gardener saw outer space first-hand, he said: *“It’s very hard to think this must have happened by chance...You realise at the same time that there had to be a Master Designer, a Creator of this planet. And to me that makes life all the more special. Because that tells me that instead of me being something that just came along in the course of time to live and die, that instead of a meaningless existence, I have Someone – who cares for me – who has made me and cares about me. Someone I can go to with my troubles, and my cares, and my joys.”*

That’s what it is like being a real, born-again Christian: you enter into a relationship with God through the Lord Jesus Christ, made possible by His death and resurrection. *Do you know this yourself?* You can, if you ask God to save you and forgive you, trusting Christ’s saving work on the cross for you. The Bible says: ***“Ask, and it will be given to you” (Matt.7:7)***
